How Many Cases Should You Order?

We suggest each participant in your organization should plan to sell at least 1 carrier box of products. You'll want to have some extra boxes for your top sellers who might easily sell 5 or more boxes! Consider rounding up to the next profit level to take advantage of the lower cost per case. And you can mix 'n match with other in-hand cases. The more cases you order, the higher your sales and profit percentage will be! Determine what your financial goal is, and how many items each participant will need to sell to reach your goal. With a low selling price, your items will sell quickly! If you are unsure of your level of student participation, you can always place more orders as needed.

Shipping Information

Shipping is FREE and QUICK! We include 100% FREE SHIPPING anywhere within the 48 contiguous states. With multiple warehouses throughout the country, you can expect to receive your delivery in 2-5 business days depending upon your location. We have 8 warehouse locations throughout the USA to assure you your shipment will be as short and fast as possible!

Depending upon the size of your order, your order will ship either by UPS Ground or by a Freight Line. While smaller orders will typically arrive by UPS Ground, larger orders are made by a carrier who brings

the product to your location on a pallet. Once your order has been placed, you'll receive confirmation and then tracking information with the estimated date of delivery once your order has shipped.

Dry Ice Fee: During the hot summer months, shipments may be delayed until temperatures fall below 76 degrees or shipped with dry ice to guarantee the quality of the products and to prevent melting. During warmer weather, at the discretion of the company, your order will most likely need to be shipped with dry ice at an additional cost. We will pay up to half of the cost for you, and the estimated fee will be approximately \$10 per case. We suggest holding your sale as early in the spring as possible or once the temperatures have cooled down to 76 degrees in the fall in the fall season.

How Does the In-Hand Sales Fundraiser Work?

- Set your goal on how much money you want to raise and determine how many participants you will have selling.
- Determine how many items your participants can or will need to sell to reach your fundraising goal.
- Submit your order and pay by school/business check, credit card, cashier check, money order. Purchase orders are accepted from approved schools and youth organizations.
- Order confirmation and tracking updates are provided.
- Kick-off your fundraiser and sell, sell, sell! We recommend creating a parent letter to be given to your participants and parents to describe why you are raising money, the closing date of your sale, and contact information if there are any questions.
- Sell items and collect the money at the time of the sale.
- For everyone's safety, please be sure to always have children not sell door-to-door alone. They should ALWAYS be in the company of an adult.
- Tip for increasing your sales: Send out messages with images of the products by email, text, and social media that you are selling Pretzel Rod, Chocolatiers, Fortune Cookies, etc. s for a fundraiser to encourage higher and faster sales.
- Keep a record of how many items are given to each participant throughout your fundraiser and how much money is collected by each participant.
- Tally your profit and be sure to thank each family for participating in your fundraiser!
