2. Paste your link in emails, texts, and social media. You can include why you are fundraising, your organization's image/logo, and your goal. - Share your link with family and friends out-of-state, out-of-the-area, and locally that you will see in person before the end of your fundraiser.

If your supporter doesn't have cash or a check while collecting orders in person, suggest placing an order online and paying by credit card.
